I tried to call Cindy and I emailed her to see if their oversight hours had changed. I haven't heard back from her, but they had an enforcement staff member here yesterday. I know all of DEP was closed yesterday, I don't know about today.

I talked to Gary he did assume that we would only have the 10:30am meeting on Wednesdays instead of daily because of the lack of activity at the site. He is confirming this with DEP.

Really. I wonder if they are out?

Okay, I will follow up. This morning I can't even find a DEP enforcement staff member on-site.

I don't think so. Gary would get waiver for a few days. I assume. Because Mike and Rusty don't go they stopped. Not sure.

Hi Dennis,

While you were here did they mention anything about not continuing the Operations Briefings?

Thanks,

Melissa
